

# COMMERCIAL MOTOR VEHICLE: LOGGING DEVICES

What Would Cosmo Do?

*Cosmo uses an ELD when required*

## **Electronic Logging Devices (ELD)**

All drivers required to prepare hours-of-service records of duty status (RODS) and who operate commercial motor vehicles involved in interstate commerce must have a vehicle equipped with an ELD, that is:

- Certified and registered on the Federal Motor Carrier Safety Administration (FMCSA) registered ELD list.

## **Driver ELD Requirements:**

A driver using an ELD must have the following:

- A user's manual describing how to operate the ELD
- An instruction sheet describing the data transfer mechanisms
- An instruction sheet describing ELD malfunction reporting requirements during malfunctions
- A supply of blank RODS sufficient to record the duty status for a minimum of eight days

## **Exception to ELD Regulations**

Driver's are exempt if they meet one or more of the following:

- Short-haul operations in 100 air-mile radius
- Operation of the CMV for short-haul operations in 150 air-mile radius
- Operation of no more than eight days out of any 30 consecutive day period

See <https://www.fmcsa.dot.gov> for further details
